NCR SelfServ™ 32

INTERIOR FREESTANDING FULL-FUNCTION ATM

THE FLEXIBILITY YOU NEED—TO SERVE YOUR CUSTOMERS THE WAY YOU WANT

Suitable for any indoor location, the SelfServ 32 is the perfect ATM to complement your branch network strategy. With a wide range of upgrade, you can make the SelfServ 32 serve your customers exactly the way you want it to.

Proactively fixes itself

Keep your ATMs up and running, offering your customers the transactions they want, when and where they need them. NCR's express recovery and self-healing technologies reduce downtime from hours to minutes—making your ATMs available around the clock.

Keeps you informed

Successful network management is about having the right information at your fingertips. NCR SelfServ ATMs provide data in real-time on configurations, software versions and the activity levels of each module. So you can see, understand and control your entire network—and make more empowered decisions.

Inspire trust in your ATM network

Our SelfServ ATMs are designed to defend against known and unknown fraud attacks, even before they start. Ask us about our multi-layered approach to ATM security including logical and physical solutions. For example, Solidcore Suite for APTRA™ protects against the execution of unauthorized code on your ATM network and our Skimming Protection Solution protects cardholder data from card skimming attacks.

TECHNICAL SPECIFICATIONS
